We are only a few days away from the party! Despite many difficulties, the **SV** will take place on the planned date **from Thursday, December 9 at 4pm to Sunday, December 12 at 2pm!** Of course, the most awaited moment are the competitions that have been combined **into one big block** - you will be able to see them **during the stream on Saturday, December 11 at 5pm!** Every moment we receive new submissions from you, so it promises to be a long and exciting evening, full of entries for all **ATARI** platforms - **VCS, XL/XE, ST/STe, Lynx, Falcon and Jaguar!** But not only! There will also be strong accents related to the **CG4** and **ZX Spectrum!** If you cannot physically participate in our event - support **Silly Venture** by purchasing one of the available tickets:

[**https://www.sillyventure.eu/en/tickets \(/en/ticketsEach\)**](https://www.sillyventure.eu/en/tickets (/en/ticketsEach))

Each of them allows you to vote online during Saturday's contests - just before the stream, you will receive a special code in the e-mail with instructions. When you buy **"Strong Ticket"** you will also receive a specially designed new scarf with a **Silly Venture** motif (or any other offered by **Retro Venture**), which will be sent to you by post. If for some reason you haven't received the previous one from the summer edition yet - both + **small gadgets related to the current winter edition will be sent!** :)

Thanks again for your support.

See you at the party and... in front of the screens! :)

 2021-12-05

The Polish company **RETRONICS** has once again funded many interesting prizes for people, who will take part in competitions at the **13th edition of Silly Venture!** Most of them are, of course, dedicated to **ATARI**, but due to the fact that our event also includes accents related to our friends from the **CG4** and **ZX Spectrum** scene - there are also awards for fans of these platforms. Thank you, **Duddiel**

RETRONICS will have a booth at the **SV** winter edition, which is already starting **next Thursday!** Every **ATARI** fan will surely find something interesting to purchase!

Lotharek, a Polish producer of excellent hardware solutions, incl. for Atari computers, funded vouchers for people taking part in competitions with a total value of 2,000 PLN (~435 EUR)! Thank you, Lotharek!

RETROHAX.NET

Drygol, known as retrohax.net funded several pieces of mouSTer project (designed by Willy / Lamers) and keyboard springs for 65 XE, 130 XE and 800 XE keyboards. Thank you!

Drygol will be present at SV2021.

It has already become a tradition! Delicious **Silly Fudges** will also appear at the winter edition of the **SV**, in the amount of... **25 kg!** Enough for everyone :) Many thanks to **MyTube** and **Rafał Nowaczuk**, who once again prepared this sweet surprise for us :)

The candy wrappers were traditionally designed by **m00nie / MSB**.

People who take part in competitions remotely and win one of the places on the podium will certainly also receive a few extra fudge in the package :)

📅 2021-11-30

Pixelretroshop.pl joins the prize pool at Silly Venture! By participating in the compo, you will be able to receive gadgets from the picture below :) Additionally, Tytus will represent its store at Silly Venture 2021 with a whole range of interesting products dedicated to retro gaming!

2021-11-30

After discussions in our group, we decided that the **entire compo block** (gfx, msx, intro, demo, game & wild) will start on **Saturday at 17:00!** For this reason, the deadline for submitting entries to the compo is **December 18th (Friday)**.

OFFICIAL PARTNERS:

Close, closer... Silly Venture! We are less than two weeks away from our next meeting! Are you ready?

Buy a ticket for "sofa-sceners", feel the mood of Silly Venture, vote for the competition entries!

<https://www.sillyventure.eu/en/tickets> (/en/tickets)

Special thanks to **Hospes** for the poster!

In less than 2 weeks we meet again this year! :) With some of you physically, with others virtually. From 9th to 12th December we will have 4 days of fun with ATARI. Although only 4 months have passed since the summer edition, there will be still **plenty competition entries to watch!** :) We already receive beautiful GFX entries for competitions (for 8-bit and 16-bit Atari), demo entries are coming for the following platforms: **Atari 2600, Atari XL/XE, ST/STe, Lynx and Jaguar** :) It seems that the winter edition of **SV** should not be worse than summer one! **Many emotions await us** - mainly related to **ATARI**, but not only! **Sir Clive Sinclair** passed away this year, the creator of the legendary **ZX Spectrum** computer, so in his honor we decided to organize competitions in the category **Intro/Demo Compo** also for this platform - and as far as we know, the number of competition entries will be greater than that required in the compo-rules (traditionally we keep our finger on the pulse!) :) Also our colleagues from the **CG4** scene are preparing something interesting. Therefore, if any of you are not going to **SV**, but would like to **feel this special mood at least partially** - the purchase of **"Sofa Ticket"** ("Voting for Sofa-Sceners") **gives you such a possibility!** Thanks to this, you will be **able to vote online for the competition entries and decide who will ultimately be on podium** and to whom the **award** will go! Not to mention the fact that **by purchasing one of the tickets you support the event in this way...**

Thank you!

As in previous editions, the participants of "Silly Venture" receive special discounts on accommodation in nearby **hotels** and **hostels** using **"ATARI"** as a password! Details can be found in **"LOCATION / ACCOMMODATION"** (</en/location-accommodation>) section!

Many thanks to **Hospes** for traditional graphic support :)

Travelling to Poland - Coronavirus information and recommendations:

<https://www.gov.pl/web/coronavirus/travel> (<https://www.gov.pl/web/coronavirus/travel>)

We will inform our foreign guests about **any changes** regarding the **Coronavirus in Poland**. So far, there is no reason to panic and no one is announcing a lockdown this year due to the **large number of people vaccinated in Poland**.

 2021-10-22

I am pleased to inform you that **Jakub Husak** will play his concert (for the first time in history!) at the **winter edition of SV - legend of demoscene** and **gamedev** on **8-bit Atari** in Poland.

OFFICIAL PARTNERS:

During the concert you will listen to known songs in new arrangements - such as the famous "Five to Five"!

So? Are you ready? :)

Thanks to *Hospes* for the poster.

2021-10-20

Full-time **free beer** returns to the winter edition of *SV*.

2021-10-18

Although *Silly Venture* is an **ATARI-only** event, it is no secret that each edition brings together a friendly group of people associated with the **C64** and **ZX Spectrum** scenes. There was a separate "**C64 intro-demo compo**" category at the **summer edition** of *SV*. We have heard that there are also competition entries for this platform prepared for the **winter edition** of *SV*, therefore there will be a separate category - "**C64 intro/demo compo**" as well (we would not like to throw such entries into the **Wild** category, out of respect for our colleagues from other scenes).

But that's not all - because **Sir Clive Sinclair**, the creator of the **ZX Spectrum** computer, has suddenly passed away this year - the "**ZX Spectrum intro/demo compo**" category will also be added.

Regardless of the number of submitted entries (even single ones), there will be separate categories for both of these platforms.

📅 2021-10-16

After tough battles, we have finally launched the SV winter edition website! We are in the process of updating the content, therefore stay tuned for more interesting informations!

In the meantime, we present you an invitro to SV2021, which took part in the competition during the summer edition of the SV (Atari Jaguar intro / demo compo category).
