Hello there!

Because stream recording in YT happened to be incomplete - live stream was broadcasted properly to the very end, but somehow recording is stripped down - here's supplement from the other source - official recording ends about 4:12:00. Thank you for *Amiga Wave* (https://www.youtube.com/c/AmigaWaveTV) channel for sharing!

Link down below contains a stream for competition results heald

Please find link to official stream below:

https://www.youtube.com/watch?v=zhciedqyVd8

According to published schedure, official opening will happen at 15:00 (CEST) and then we'll begin official streaming, link will be published through all channels, also here.

Close, closer... even closer! :) In a few days we will celebrate the **50th anniversary of Atari** together... with **ATARI**! A precedent like never before! :) **Are you ready?!** :) It will be real emotional roller-coaster! :D Starting from the new venue to attractions - especially on Saturday! I also mean competitions that will be equally exciting :) For every **ATARI** platform we have declared coded entry! For some, much more than one :) **An example**? In the demo category e.g. **Atari 2600** - 3 entries, **Atari XL/XE** - 8 or **Atari ST/STe** - 6 are declared :) **It will be great Saturday night!** So please consider **purchasing one of the tickets** to support **SV** and future editions - it's worth it! The stream itself is of course free, but the purchase of one of the tickets will also allow you to participate **remotely by voting for your favorite entries!**

Link to tickets: https://sillyventure.eu/en/visitors (https://sillyventure.eu/en/visitors)

And in the **winter**, we meet at the "aftermaths" - **December 8-11** (Thursday-Sunday), which also will be exciting in the topic of entries :) More **STRONG competition prods** are coming and even **more people from abroad!**

May the power of **ATARI** be with you!

p.s. A little update! **The 7th demo for Atari STe was released**, but the authors want it to go in the **WILD** category. And why, you will find out **at the party** (and **during the stream**)! :) Anyway, there will also be some gems in the Wild category! :)

📅 2022-08-08

Most of the **SV Team** (some are on vacation) went to **Olivia Star** to arrange logistics issues at the party-place (where to set the big screen, number of tables, chairs, curtain control...). We also have a **lobby** and a **smoking room** at our disposal :) Moreover, a great sound system, WiFi, a 5m x 4m big screen (!!!) and this view! :) You can also see the **stadium** where the summer edition of **SV2020+1SE took plac**e :)

Listen, **it will be a real blast!** :) Get ready for amazing emotions! There is also an observation deck at our disposal until 01:00am on Friday night and until 11:00pm on Saturday! Of course, for all participants, the entrance to the terrace is unlimited and completely free!

May the power of ATARI be with you!

See you soon! :)

🗓 2022-08-01

Information in the LOCATION / ACCOMMODATION (/en/location-accommodation) section has been updated - there are still available rooms at STUDENT DEPOT GDANSK!

🗓 2022-07-31

It's time for another video-invitation to this year's Silly Venture 2022 - the biggest party for Atari fans from all over the world! This time, famous figures from Poland are inviting to our party... and who exactly - you will find out by watching our video!

Invitation was presented on July 30 at **the Teddy Beer Party in Tuchola / Poland.**

📅 2022-07-28

Listen, this is probably the last important point before our event, but no less important than the previous ones, that is...

There are three options:

The first, non-binding, is the "Vidokówka" Restaurant on the 32nd floor, with an observation deck (with affordable prices, for example: pizza from 27PLN to 40PLN, regional beer Amber - from 14PLN to 16PLN). All alcoholic drinks can be ordered in glasses, bottles, etc...

The second option is to order food in the form of a "buffet". In the second room next to the SV there will be open catering buffet (with lots of delicacies, including dessert!).

The third option is the "Open Bar" (non-alcoholic "Soft" version or alcohol-non-alcoholic "Classic" version).

Of course, options with <u>food and drinks can be combined</u>.

<u>DETERMINED (!!!!)</u> persons are asked to fill in the form by **Sunday, July 31st**. E-mails will be sent on Monday with the catering option selected and a request for payment.

<u>LINK TO THE:</u> FOOD & DRINKS CATERING FORM (https://docs.google.com/forms/d/e/1FAIpQLSdMx4TQgmJDOafVzPZjH031c0sMrjVhH_5HAqfodc_P1tgUpg/viewform)

If someone would like to take advantage of a different form of catering outside of the party place, 650m away there are "**McDonald's**" and "**Pizza Pasta & Basta**". However, please do not bring outside food to SV.

Thanks to **Hospes** for the graphics and **Unseen Menace** for grammar-assictance ;)

📅 2022-07-22

Attention! Since the t-shirts are going to be printed **next Monday, July 25**, people who have missed the topic - can fill in the form and **place an order during the weekend**. Later it remains only to hope that it will be interesting in the designated party color and size. And believe me - it will be worth having such a souvenir :) An unprecedented thing is being prepared, which will surely **pass to history!** And the t-shirt will remind you of that ;)

Price: **21 EUR**

If you are interested, please fill in the form at the following link:

We encourage you to buy a T-shirt - after the party it will have (in a sense) **historical value!** It is worth having such a souvenir - even if you are only observing our event remotely!

There is a possibility of **personal collection at the event**, or **shipping by mail** - this time much faster! **We apologize for the delays so far!**

🗓 2022-07-21

Two gfx artists from the **Atari XL/XE** scene prepared GIFs with the **Atari50** logo to be used in coded entries for **SV2022SE**. The authors are **Tiger/New Generation** and **Rocky/Mad Team**.

Tiger made an **animated *.GIF:**

...and **Rocky** made **2 PICTURES** in ***.g2f** format - one unofficial with a rainbow :)
If you use one of these logos - <u>please do not forget to mention their authors in the credits!</u>

Thank you!

So **it's better not to postpone your booking until the last minute**!

The price when using the password **"ATARI"** for a discount of approx. 25% is:

We encourage you to participate!

Traditional thanks to **Hospes** for the picture.

As I informed you before, **Atari have officially assumed patronage over Silly Venture** this year. I strongly encourage you to participate in competitions! **I think it's worth it :D**

Dear Silly Venture participants - Both those who will **physically** show up at the event, and those who observe us **remotely** - I have to show you something ... :) But before I can write it down, a short introduction:[EN] Dear Silly Venture participants - Both those who will physically show up at the event, and those who observe us remotely - I have to show you something ... :) But before I can write it down, a short introduction:

Until the **summer** edition of **Silly Venture 2022**, to be held in the days **from August 12 to August 14** remains (which is easy count) **just over a month away!** Almost all the details related to the event are already known and (I think I can risk such a statement) it has a good reputation among atarians all over the world. Managed to build up the brand I was working on, with few breaks **since 2000!**

Due to the fact that **ATARI** is celebrating its **50th anniversary** this year, an unprecedented thing happened. In a way it is a historical event and the culmination of my contribution to promoting **ATARI** brands in the world :) I am happy like a kid! :D

Well, the **official patronage** over the event was taken up by...

Yes, <u>THIS IS NOT A JOKE!</u> **Atari** has become the **official patron** of Silly Venture! Soon I will receive **prizes for participants competitions - incl. in the form of VCS consoles!** Speaking of competitions, all submitted and presented entries will be viewed by... new **Atari** management :) This is what happened with previous **SV** entries, because I was asked to send links to the entries that were submitted for competitions over the years - from **VCS** to the **XL/XE** series, **ST/STe**, **Lynx**, **Falcon**, and ending with **Jaguar!** Including... **DEMOS!** :) What is most pleasing is that **Atari** has taken this decision after **getting acquainted with the many years of Silly Venture's achievements!** :)

It is possible that something will attract the attention of **Atari** enough that it will want to start closer cooperation with an author sometime? :)

Could you imagine a better celebration of Atari's 50th anniversary? :) And that's <u>not all!</u> **There are also many attractions waiting for us at the party itself, including a long competition marathon** - traditionally a lot of entries are expected from the **VCS** console to the **XL/XE**, **ST/STe** series, **Lynx**, **Falcon** and **Jaguar!** Entries are also expected from friendly "guest" platforms (**C64** and others), which **SV** did not exclude and will not exclude :)

Thank you all! This is our joint work! :)

ATARI 4EVER!

At this point, I would like to mention one of the participants of the **SV**, who supports this year's **SV** in a special way - **Thomas Niemann** (a.k.a. **Schlampf**). It was he who made me believe that there is nothing impossible! Made me have a look at the entire legacy of **SV** from a different perspective and follow the blow - **thank you for that, Thomas!** <3 For your faith in **SV** and in me! :)

And finally, today we have an **official video-invitation** that encourages you to participate in **both this year's SV2022 editions** - **summer** and **winter**:

Enjoy the video!

[(https://www.youtube.com/watch?v=bA7vdz7I4SY)](https://www.youtube.com/watch?v=bA7vdz7I4SY)**See you at the summer / winter edition of Silly Venture 2022!**

p.s. I have one more request for you. If you are going to participate in **SV** (whether it's **physically** or **remotely**), or maybe you'd like to **support the event by purchasing any of the tickets** - do it now! This will allow me to pay off the installments related to the venue and related logistics. **Direct link:** https://www.sillyventure.eu/en/tickets [(/en/tickets)](/en/tickets)

[(/en/tickets)](/en/tickets)

Thank you! <3

p.s. Kudos to **UnseenMenace** for being my unofficial grammar checker ;)

I encourage you to order **SV2022 T-shirts!** We are waiting for your completed forms **until July 22 (Friday)**. <u>**There are 5 colours to choose from**</u> - next to them are the manufacturer's catalog numbers, do not be influenced by them, this information is for us only. T-shirts are of better quality than the last - higher grammage as well change of manufacturer. The logos from the sleeves "Atari50" and "Gdańsk" were transferred to the back because the designer (**m00nie / MSB**) came to the conclusion that there were too many of them - hence a small design change.
